

Life isn't just good,  
It is sacred

# Basic Instructions Before Leaving Earth

- Psalm 127:3  
Children are a gift from the LORD;  
they are a reward from him.

God has a plan for us to grow in our ability to Love. The plan is for two to come one and to give birth to Love, to create an everlasting, unconditional love that teaches us who God is.

CHILDREN  
ARE A HERITAGE  
FROM THE LORD  
PSALM 127:3

Back in the day ...

There were no  
images of an  
embryo.

It was just a blob of  
cells.

## **NIH- Human Genome Project**

The HGP has revealed that there are probably about 20,500 human genes. This ultimate product of the HGP has given the world a resource of detailed information about the structure, organization and function of the complete set of human genes. This information can be thought of as the basic set of inheritable "instructions" for the

development and function of a human being •

**The blueprint for life is  
present at conception.**

**Let God Be God.  
Only God decides who  
lives and who dies.**

# We THINK we know best.

- 34 million more men than women in China, young women from around the world are being sold into slavery to meet the demand for women in China. For 35 years, China instituted a one child policy that favored boys. They have dramatically changed their culture.
- As the US enter it's 46 year of legalized abortion we know that although the blacks are 13% of our population they account for more than 36% of abortions in the US. While we have spend over 50 years fighting for civil rights the pro-choice community has been placing abortion clinics in minority communities

In our stubbornness we  
often think we know what  
is best.

In our humility we say:  
Lead me Lord. Let your will be done

# Our Mission at the Center is to *Empower Women to Choose Life.*

- We provide medical support, emotional support, material support and spiritual support that will hopefully allow a women to see past what the world is shouting at her and listen to her interior.

We walk with them into motherhood and work to support them in building a strong family.

- We have committed to a Fatherhood initiative because we know that more than half the women that choose to not abort their babies do so because the babies Father's has influenced them to save the life. Dads matter, and we are working to make sure our Dads know they matter.
